Stacy,

We are not saying that Runyon or any of the other projects will not be funded but that we have committed to a public review and that it is critical that we know exactly how these funds are going to be spent before allocating them. Many of the projects listed in the motions have no back-up documentation and do not stand up to scrutiny.

We will absolutely look closely at the Runyon Canyon issue, but it is important to do it in a fair and transparent process.

Thanks,

Sarah

Hi Sarah-

I wanted to reach out about tomorrow's Council meeting. Specifically item #33.

I know this is a little late and I hope I am not crossing any boundaries since we don't know each other yet.

There is money that was allocated to RAP for Runyon Canyon. We know that Runyon is in desperate need of funds.

I am hoping that there can be an amendment to the motion and that RAP can still receive the funds that are earmarked for Runyon.

Did you know there are 1.8 million people that visit the park every year now!

There is much to say about Runyon but I will leave it at this as I know you are very busy.

I hope you will consider this.

Please let me know your thoughts.

I look forward to meeting you soon-
